

Farm Fresh

UNITED KINGDOM 3 UK has launched an initiative to bring high-speed Internet broadband to rural communities throughout the UK. Grateful farmers now have easier electronic access to commodity prices and weather reports. **T**

PANTING PEDALLERS

CANADA Husky Energy employees took time off at lunch to pedal a 30-seat bike through downtown Calgary, Alberta to raise money for Canada's Heart & Stroke Foundation. Together with Husky's corporate donation, the team raised over CAD47,000 (USD45,800) to support continuing research and education by the foundation. **I**

Lashings of Excitement

UNITED KINGDOM To launch its range of handmade eyelashes, Superdrug turned the London Eye tourist attraction into a beauty treatment zone. Superdrug experts fitted eyelash extensions onto enthusiastic

participants as the giant Ferris wheel turned. Beauty bloggers, media and 150 lucky draw winners from Facebook and Twitter were invited to this event that took place over 122 metres (400 feet) in the air. **R**

Enfield Intermodal
Logistics Centre
(Sydney)

APPLAUSE! Harbour Plaza Hotels and Resorts received the "Best Local Hotel Chain" by TTG Travel Awards for the second consecutive year.

Logistics Leap

AUSTRALIA Hutchison Port Holdings (HPH) was named operator of the Enfield Intermodal Logistics Centre, in New South Wales, Australia. The state government also handed over to HPH operations of a third container terminal in the Port of Botany, set to be in action in 2013. **P**

ART WORK

HONG KONG Hutchison Whampoa has teamed up with members from the Hong Kong Physically Handicapped and Able-Bodied Association to enrich the lives of handicapped citizens in Hong Kong through interactive paper-cutting and crockery workshops. These workshops were designed to foster the exploration of participants' talents and the growth of their confidence in social situations. **C**

CONGRATULATIONS!
Harbour Plaza North Point hotel Executive Chef Lau Chi-kit took the silver award in the dim sum category of the Hong Kong Tourism Board's annual "Best of the Best Culinary Awards".

DIGITAL DAWN

HONG KONG Hong Kong radio broadcaster and HWL subsidiary Metro Broadcast, now into its third decade, has been licensed to provide a round-the-clock digital audio broadcasting service. It plans to roll out three digital channels soon. **I**

It's Magic!

HONG KONG More than 300 children had a magical lesson at the Wonderful Worlds of Whampoa, with Hong Kong magician Louis Yan. **H**

WILD VISION

CANADA Husky Energy has unveiled its flagship stewardship programme, the Husky Energy Endangered Species Program. This CAD1.25 million (USD1.24 million) initiative centres on conservation of some of western Canada's most threatened species – including the burrowing owl, the black-footed ferret, the swift fox and the northern leopard frog – by funding research and reintroduction efforts by the Centre for Conservation Research at the Calgary Zoo. **I**

YEAH! Harbour Plaza 8 Degrees was awarded Best Mid-Range Hotel by Asia Hotel Forum.

Green Seas

HONG KONG HK Electric is supporting the use of green energy generation by sponsoring 500 sets of micro solar panels to be installed on fishing boats and other maritime vessels to power their electrical components and ultimately reduce their use of diesel fuel. The panels are estimated to generate over 30,000 units of green electricity each year. **I**

HEAVY MAINTENANCE

CHINA Guangzhou Aircraft Maintenance & Engineering Company Limited (GAMECO), a JV that includes Hutchison and China Southern Airlines, continues to expand to support the airline's rapid growth, plus increased aviation business in Mainland China. A new hangar with workshops, now under construction at the Guangzhou Baiyun International Airport, will be able to accommodate the Boeing 787 Dreamliner, soon to be introduced by China Southern. **I**

Home Run

HONG KONG 3 Hong Kong fibre-optic network has brought faster delivery of broadband to an estimated 1.5 million homes in the Internet-crazy city with the launch of its latest offering, 3Home. Naturally, its customer service and installation teams are dubbed "3Home-Runners". **T**

A RACE FOR LIFE

THE NETHERLANDS Europe Container Terminals (ECT) fielded a team of runners for the "Roparun" (short for Rotterdam-Paris-Run), a charity race to raise money for the care of cancer patients. Twenty-five ECT employees participated in the 530 km (330 mile) race, and together raised over EUR20,000 (about USD27,100). **P**
