3 UK - IT'S ALL ABOUT THE SERVICE

3 UK's award-winning service is keeping customers happy. The Best Customer Service – Network category at the prestigious 2016 Mobile News Awards went to 3 UK, based on mystery calls to customer support teams who were rated on their manner, understanding, knowledge, helpfulness, clarity and overall performance. This was reflected in 3 UK being rated “the least complained about” UK network operator, with the regulator, Ofcom, receiving only three complaints per 100,000 customers in the last three months of 2015 – less than one-third of the industry average of 10 complaints.

INFRASTRUCTURE

Powering profits from wind

Cheung Kong Infrastructure and Power Assets have completed the acquisition of Iberwind - Desenvolvimento e Projectos, S.A., a wind energy company in Portugal. Post-acquisition, Iberwind owns and operates 31 wind farms totalling more than 300 wind turbines with a total capacity of about 700 MW, about 15 per cent of Portugal's wind power production.

NORTHERN GAS NETWORKS: CONSIDERATE

Considerate Constructor Scheme Awards ceremonies in April saw Northern Gas Networks' (NGN) projects from Scotland to Yorkshire recognised for being considerate towards local neighbourhoods and the public, the workforce and the environment. The Church Fenton site won a Gold medal on the basis of strong community work, including communication through house visits and public meetings, and NGN's sponsorship of the local cricket and football clubs, Scouts and Brownies. The Westgate project in Huddersfield also won Gold and many other projects won Silver and Bronze awards – no mean feat.

PROJECT LOL

Project LOL brought lots of love and laughs to the community via "Elderly Day 2016", held in April. Over 1,300 volunteers from ASW's six retail and manufacturing businesses in Hong Kong and 35 of its business partners brought joy to more than 1,750 elderly people living alone in the city.

Fired-up about new Hong Kong power plant

In January 2016, HK Electric commissioned the construction of a new gas-fired generating unit which will replace retiring units and meet stringent emission requirements set by the government. Commissioning in 2020, the new unit will maintain power supply reliability and reduce carbon dioxide and other emissions. It also lends to the government's target of increasing the proportion of natural gas generation to 50 per cent by 2020 to clean Hong Kong's air.

A BEACON OF LIGHT IN THE UNDERGROUND

UK Power Networks Services has won the prestigious Beacon Award for high standards that demonstrate a proactive safety culture above and beyond normal site requirements. The London Underground Northern Line Extension to Battersea saw an upgrade of London's venerable metro's electrical system with over one million working hours without a single lost-time incident!

CUTTING-EDGE CRANES AROUND THE WORLD

Hutchison Port Holdings is always upgrading! Shanghai Mingdong Container Terminals installed six electric Rubber-Tyred Gantry Cranes (eRTGCs) and two new quay cranes (QCs), while Hutchison Ajman International Terminals installed three hybrid RTGCs, the first ever in Ajman Port. South Asia Pakistan Terminals in Karachi has four new QCs and six new one-over-six RTGCs with remote control operating systems. And Hongkong International Terminals in Hong Kong installed two new barge QCs, to replace jib cranes, driving a 30-40 per cent increase in productivity.

ENVIRO NZ RESCUES ASTROLABE REEF FROM DISASTER

New Zealand was devastated when the MV Rena, a Greek tanker, ran aground on the pristine Astrolabe reef. EnviroNZ, known to most locals for Kerbside recycling, took on the ginormous task of removing and recycling 144 containers (6,500 tonnes of material) with government and volunteer citizen partners. Scrap steel, 400 tonnes of wood and even 150 tonnes of butter were recycled. The reef and nearby beaches are now recovering, thanks to EnviroNZ and their partners.

PARK'N FLY MAKES A WISH

When children fly, parents park. Park'N Fly made it a little easier for needy families benefiting from the Make-a-Wish Foundation programme which provides children who have life-threatening medical conditions with a chance to travel to their dream destinations. A total of 632 days of free parking were provided to 79 families while they accompanied their children, courtesy of Park'N Fly.
