### Press Release

## **74 Cheung Kong Group Members Awarded “Caring Company Logo”**

### **Highest Number of Participating Companies for a Hong Kong Corporation for 5 Consecutive Years**

(21 February, 2008 – Hong Kong) – A total of 74 member companies from the Cheung Kong Group has been awarded the “Caring Company Logo” by the Hong Kong Council of Social Service (HKCSS) this year. This greatly exceeds last year’s achievement when 56 member companies were awarded the “Caring Company Logo”. This also represents the highest number of participating companies for a Hong Kong corporation, a record maintained by the Cheung Kong Group for 5 consecutive years.

Of the 74 Cheung Kong Group member companies that were awarded the “Caring Company Logo”, 15 members companies were awarded the “5 Consecutive Years Caring Company Logo”, while 7 were awarded the “5 Years Plus Caring Company Logo”. The “University of 3<sup>rd</sup> Age” programme, which was jointly initiated by Hongkong Electric Holdings Limited – a member of the Cheung Kong Group – and the HKCSS, was granted the “Outstanding Project Award”.

The HKCSS Caring Company Programme aims to build a caring community spirit in Hong Kong through cultivating corporate citizenship and strategic partnership amongst business, public and non-profit organizations. The Programme rewards organizations that encourage and support employee volunteering, provide an employee-friendly and gender sensitive environment for employees, are willing to employ vulnerable groups, actively promote environmental protection, share business expertise with non-profit organizations and provide cash or in-kind donation to non-profit organizations.
