## 1. Policy Statement

CK Hutchison Holdings Limited (Company, together with its subsidiaries and controlled affiliates, “Group”) highly values its reputation in the communities and countries where it operates.

To ensure the market receives timely and accurate information about the Group, the Group Corporate Affairs Department (“GCA”) and Division corporate communications / public relations (“PR”) departments assist the management to provide clear, consistent and congruent messages for the businesses of the Group through the media in a speedy, professional and well-coordinated manner.

This Policy also establishes a framework for handling incoming requests for corporate donation and sponsorship activities. A common and coherent approach among all Group companies is important to ensure that Group resources are deployed effectively and contribute to the development of communities the Group serves.

This Policy applies to all employees across the Group. If an employee has questions regarding the contents of this Policy, the GCA should be contacted.

## 2 Media Engagement

- 2.1 Only Company directors, Division CEOs or Managing Directors or their designated executives may act as spokespersons. No one can speak to the media on behalf of the Group either off the record or on the record unless authorised.
- 2.2 All enquiries and requests from the media should be directed to the PR department of the relevant Division. No one should respond to media enquiries unless authorised.
- 2.3 If any representative of the media turns up at the Group’s shops, stores or offices without prior notification, the PR department of the relevant Division should be notified immediately to handle the media requests. No one can provide the media with any company information/data/comment without prior approval.

## 3. Public and Social Media Engagement

Prior to accepting any public speaking opportunity as a Group representative, approval from the operations head of the relevant Division should be obtained and the Division PR department should be notified.

- 3.1 Whenever being approached by public bodies, NGOs, political parties/associations or similar entities for assistance or participation in a business or community event/function/campaign as a speaker or panelist in the capacity as a Group employee, prior approval from the Division Managing Director should be obtained and the Division PR department should be notified.

- 3.2 Nothing should be posted on personal web pages, social media platforms or social networking sites that may compromise the Group's image and competitive edge. The Group's Code of Conduct and confidentiality agreement are applicable to personal blogs/websites/social media and networking sites etc.

#### 4. Donation & Sponsorship

##### [Definition]

**“Donations”** (cash or in-kind) are charitable in nature and benefit the targeted organisation or cause.

**“Sponsorships”** (cash or in-kind) have company exposure through sponsored event or programme advertisement recognition or publicity.

**“Charitable organisations”** include non-profits, non-governmental organisations/NGOs. In addition to community, environmental protection and service organisations, these may also include trade bodies.

**“Government and related organisations”** include local government departments/agencies, statutory or public bodies.

##### 4.1 Contribution to Charitable Organisations

The Group recognises the diversity of people, culture and social needs. It seeks to make contributions to programmes that have a positive impact on community development and reflect Group values and sustainability objectives with a profound respect of all cultures and the unique social needs of different communities. The Group supports strategic charitable contributions, and encourages and supports programmes to facilitate employee giving.

In addition, charitable contributions are to be executed in a well-coordinated manner within a controlled framework, in consideration of the Group's targeted prospective beneficiaries.

To ensure Group resources are deployed effectively, all such contributions should obtain Division Managing Director and Group Director(s) approvals before commitment of any charitable monetary donation or sponsorship on behalf of the Group and/or Group companies. It is common for appeals/solicitation/requests from the same charitable organisations or government and related organisations to be sent to multiple Group companies and subsidiaries. In Hong Kong, where many of the Group's businesses have connections with similar local NGOs, trade bodies, etc., charitable requests are to be coordinated by Group GCA prior to obtaining Group Director(s) approval, unless otherwise noted.

### 4.1.1 Charitable Donations

Requests that fall outside of marketing sponsorships (as defined in 4.1.2) should first be screened by the recipient Division. Should a Division identify appropriate projects it would like to donate to or sponsor monetarily outside of their previously approved marketing budget, the Division CEO or Managing Director should approve and submit such request to a Group Deputy Managing Director, copying the GCA, for further approval.

Donations of products and services (“in-kind”) do not require Group Deputy Managing Director approval. Such donations, however, must still be approved by the Division CEO or Managing Director. Any donation, monetarily or in-kind, should be notified to the GCA and Group Sustainability timely for record purposes, some of which may be included in the Annual and Sustainability Reports.

### 4.1.2 Marketing Sponsorships

Group companies with marketing budgets may have budgeted sponsorship and other community/charitable projects with non-profits/non-governmental organisations or local government and related organisations/statutory bodies/entities, in line with their business objectives. Even though these sponsorships or programmes have obtained prior Group management approval via the budgeting process, companies are required to inform the GCA and Group Sustainability when such projects are executed so they are properly recorded on a Group basis.

All Divisions and Group companies around the world are expected to follow this Policy.

### 4.2 Contribution to Politicians / Political Associations

It is the Group’s general policy not to make any form of donation or sponsorship to political associations or individual politicians.

## 5. **Company Logo**

The Group has in place strict Corporate Identification (CI) Guidelines as to the usage of the brands and logos of Group companies available via the GCA. Consent for the use of the Group (CK Hutchison) logo must be obtained from the GCA. Group companies also have their own CI. In order to maintain brand consistency, please check with the relevant Division marketing, administrative or branding departments for the guidelines as and when the need arises.
